LP3 LED Paver

Large LED paver fitting. Available in either stainless steel or hard anodised aluminum.

Comprising of a flush bezel of 47mm (1.85") in diameter and a recess depth of 38.5mm (1.5"), the aluminum fitting is available in a range of finishes and colors.

This paver features an internal lens that can be used to focus the light on areas and objects requiring accentuating. It comes with a recessed dark cone that reduces glare, making it a suitable choice for installation in areas where human footfall is commonplace, such as pathways and stairwells.

Note that all dimensions are shown in mm
